The Y.P.S.L. (FOURTH INTERNATIONAL) has begun an effective fight to admit alien students into the city colleges and has already gained important concessions.

The Y.P.S.L. is embarking now on a campaign to CUST ROBINSON. The widest possible support is necessary to make this campaign a success. We urge the Student Council, the A.S.U. the Young Communist League, student clubs, to join with us in this struggle.

Information on Robbie's putrid record must be made available to every student. The Y.P.S.L. announces the publication of a pamphlet exposing Robby for the rotten reactionary he is. "Robinson, the 'liberal Educator'" is on sale for only one cent. THE PAMPHLET IS THE OPENING GUN IN THE FIGHT!!!
