AMERICAN LABOR PARTY

in the "Campus" poll!

The new Party of labor has finally come to New York. THE AMERICAN LABOR PARTY now steps forward as the champion of progressive thought and action. It will achieve the ends which progressives have so long fought for.

What does this mean to CITY COLLEGE? The American Labor Party platform contains a plank calling for "a great, free public educational system founded on liberal thought, which will serve at all times as a barrier and bulwark against the savage medieval doctrines of force and Fascism now sweeping a large portion of the world." Every City College man agrees with this.

WHAT CAN YOU DO? Vote for MAYOR LA GUARDIA on the AMERICAN LABOR PARTY TICKET in the poll now being conducted by the Campus. If you are old enough, VOTE ALP on election day.

Most important, whether you are old enough to vote or not,

JOIN THE YOUTH SECTION OF THE AMERICAN LABOR PARTY!
