BOYCOTT ROBINSON-MEETING

At 11 o'clock to-day, the Robinson Administration, shamefully supported by a "United Front" of the NSL-SLID will attempt to corral the anti-war sentiment of CCONY into a peaceful mobilization for preparedness.

At a time when the air is filled with threats of a new imperialist world war it is necessary for all genuine opponents of war to sharply differentiate themselves from pacifists and Hearstian Jingoists.

Peace cannot be had except through the struggle of the working class for the overthrow of the capitalist system which breeds war!

We therefore refuse to associate ourselves with reactionaries who call for a bigger and better war machine. Increased armaments prepare the road to war---not to peace. The NSL and the SLID, in allying themselves with Robinson & Co., have capitulated to those very forces making for war!

We call upon all serious opponents of war to boycott this mockery of a "peace" demonstration!
