Make CCNY a Union School!

As a counterpart to the organizational drive of the industrial workers under the banner of the CIO, the American Student Union is conducting an organizational drive in the schools.

Just as the CIO unions are winning the demands of the workers, we at the College can win our demands IF WE ORGANIZE.

United in one organization, the ASU, we will win the fight for:

- 1) Maintenance and extension of the NYA.
- 2) A real cooperative store.
- 3) Free books.
- 4) Revision of curriculum and administration along democratic lines.
- 5) A better lunchroom.
- 6) Ousting of President Robinson.
- 7) Concrete aid to Spain and China.

The Young Communist League wishes to state that it gives its unqualified and wholehearted support to the ASU. WE BELIEVE THAT THE ASU IS AN ORGANIZATION IN ITS OWN RIGHT. WE MUST ALL BE VIGILANT TO SEE THAT IT IS NOT DOMINATED BY ANY ISOLATED FACTION.

The best insurance non-affiliated progressives can possibly have that the ASU remains as an organization in its own right, under no group's domination, is to join and to build the ASU as a broad progressive anti-fascist front of the students.

Any attempt to pervert its character either from Right or Left is an attack on the fundamental principles of the broad unity of the ASU. Those who attack democracy under the guise of "democracy" are more dangerous to the anti-fascist movement than the open enemies of progress.

All students interested in the ASU are invited to attend a meeting of the YCL today at 4 P.M. at 15 Hamilton Place (opposite Broadway). The topic for discussion is "The YCL Position on the ASU".
