

What must be done!

TO STUDENTS OF CCNY:

April 22, 1936

Every student opposed to Imperialist War must strike to-day! The immediate danger of the ruling class launching a New World War makes it imperative that effective and unequivocal action be taken. There can be no half-way positions!

If our action is to be at all effective we must recognize that capitalism lies at the root of all wars; that THE STRUGGLE AGAINST WAR CANNOT BE SEPARATED FROM THE STRUGGLE AGAINST CAPITALISM; that only the creation of a Workers State can end war, and finally, that only students allied with the working class can defeat Imperialism.

The official strike call of the ASU is a mass of confusions. It is silent on the class-nature of war; on the necessity of struggling against capitalism. The ASU spreads illusions of pacifism. It raises the slogan of "STOP THE AGRESSOR"--a slogan that can only mean advocating the treacherous policy of "National Defense"; the policy of the Communist and Socialist Internationals.

STUDENTS!

WE MUST FIGHT:

AGAINST NATIONAL DEFENSE	---	FOR TURNING THE IMPERIALIST WAR INTO CIVIL WAR!
CO-OPERATION WITH COLLEGE AUTHORITIES	---	SOLIDARITY WITH THE WORKING CLASS!
ALL PACIFIST ILLUSIONS	---	EVERLASTING OPPOSITION TO OUR OWN IMPERIALISTS!

AGAINST COLLABORATION WITH CIVIL
AUTHORITIES

AGAINST ALL FORMS OF PATRIOTISM

FOR DEFENSE OF THE SOVIET UNION NOT BY PACTS WITH IMPERIALISTS BUT BY EXTENDING THE RUSSIAN REVOLUTION TO ALL OTHER COUNTRIES!
