# THE DEFENSE OF SPAIN IS THE DEFENSE OF PEACE AND CULTURE

### Join the Defenders of Democracy on Nov. 28

The "University City" of Madrid lies in ruins. Its professors and students are fighting in the armies of the Republic. Theirs is the cause of Culture and Democracy.

Men and women of City College, the cause for which the students and teachers of Spain are dying is your cause. You must support them. On SATURDAY, NOVEMBER 28, there will be a protest march to the Nazi Consulate on behalf of Spain. The Communist Party Unit and Young Communist League of the College beseech you to join with the forces of progress and democracy on this occasion.

The people of Spain are struggling heroically in defense of the democratic government they elected last February. Against them are pitted Spanish Foreign Legionaires, the scum of the earth, Moorish tribesmen misled by promises, and a handful of backward Spanish peasants. All these are led by a corrupt and treacherous clique of officers. The whole world knows that these rebels would have been crushed long ago

by the Spanish People had not Hitler and Mussolini, shielded by the "non-intervention" pact, poured in their armaments.

Meanwhile England and France have stood by, failing to join in the Soviet Union's exposure of the fascists. They have even yielded to the hypocritical cry of Berlin and Rome that the Soviet Union was supplying the Madrid Government with arms. But of all the Soviet ships stopped by fascist patrols, not one has been found carrying arms. The Non-Intervention Commission in London has found all charges against the Soviet Union false.

While the international conspiracy of fascism grows, America maintains her policy of blind neutrality. In his speech in Buenos Aires the other day, Secretary of State Hull demonstrated its falsity. He said that war in any part of the world may embroil the whole world. Surely then, America must leave her false position of neutrality, a neutrality which does not stop the fascist drive toward world war, a neutrality which divides the forces for democracy and peace.

SHOW YOUR SOLIDARITY WITH ALL THOSE STRIVING FOR PEACE  
THROUGHOUT THE WORLD.

PROTEST THE DEMOLITION OF MADRID'S UNIVERSITY.

PROTEST AGAINST THE RECOGNITION BY GERMANY AND ITALY OF  
FRANCO'S BANDIT FORCES.

JOIN THE MARCH FOR PEACE AND DEMOCRACY IN UNION SQUARE AT 10
