Fellow Classmate:

As you read these words, hundreds of thousands of students throughout the United States and many foreign countries are demonstrating with you their unmistakable opposition to war.

The AMERICAN STUDENT UNION has a simple message for you on this day:

The passage of the Nye-Kvale Bill, the abolition of the ROTC, economic security for the students cannot be achieved in one day. These ends can only be realized through continuous activity and organization of the student body. The AMERICAN STUDENT UNION stands for the things you want. It is lead by students and run in your interests. It's power lies with you.

Join it . . . Strengthen it.
