

# Who Are We?

We are workers, students, professional people, clerical employees, housewives, war veterans — young and old of all tongues and races. We are New Yorkers, Americans and foreign-born, white and Negro — your fellow workmen, your neighbors and fellow citizens.

## WHY DO WE MARCH?

We are out on the streets today because the billionaires and finance kings have run us into a ditch. One and a half million of us, in this great city, willing and able to work, are turned into paupers. We are either left to outright starvation, or are forced to starve slowly on miserable relief doles. Those of us who work receive the precious N.R.A.-LaGuardia gifts: WAGE CUTS, RISING PRICES, MORE SPEED-UP, INJUNCTIONS, COMPANY UNIONS, THE NATIONAL RUN-AROUND COMPULSORY ARBITRATION, AND POLICE STRIKE BREAKING.

The bosses plan to prevent us from defending our living standards by robbing us of our rights. The U.S. Chamber of Commerce, the fascist labor-hater Hearst and the "New Deal" through the Dickstein Committee and the Wagner "Labor Disputes Bill" aim to destroy all traditional American liberties.

## DO YOU KNOW?

*May 1, 1935*

Today the air is full of war everywhere. Do you know that there are bills before Congress now to draft you for the next war, to punish with heavy fines and jail anyone asking a ten cent wage increase during war? IT IS ADMITTED EVERYWHERE THAT WE ARE NEARER TO WAR TODAY THAN IN 1914.

We are marching today for higher wages, for more relief, for real unemployment insurance H.H. 2827, for our right to organize, strike and picket—to make New York 100% union town; against turning the United States into a fascist Hitler slave hell and concentration camp; against the criminal plans of the trust billionaires to drag us into another world war, or to attack the Soviet Union.

## WHO ARE REAL AMERICANS?

Real Americans fight for the right to life, liberty and the pursuit of happiness. The capitalist system, the system supported by Roosevelt, Hearst, Father Coughlin, Huey Long, destroys food while millions are without bread. This system plows under millions of acres of cotton while millions are ragged and bare. The capitalist system keeps millions unemployed, the factories shut, the machinery idle, while there never was a greater need for everything we can produce.

The capitalist system, the system of private profit, denies us the great traditional American right to life, liberty and the pursuit of happiness. It is American to fight to abolish such a criminal insane system. It is thoroughly American for the workers and farmers—for the producers who have built this country, to take America back for themselves, to run it for the well-being of all the people—that means Socialism. That's what the Communist Party stands for. That's what the Communists fight for.
