UNITED YOUTH DAY

Against War and Fascism

MAY 30th 1935

Assemble: E. 10th St. and 2nd Ave., 11 A.M.

MARCH TO MADISON SQUARE PARK (23rd St. and Madison Ave.)

"I didn't raise my boy to be a soldier," says Mother. But the bosses think differently. Right now they are working like mad to get set for the new war that everybody knows is coming. In the U. S., in England, France, Germany, Japan—everywhere the bosses' governments are building up their armies and spending billions of dollars for guns and bullets, planes and gas. At this very moment the U. S. Fleet is secretly practicing war in the Pacific. Mussolini is sending his troops to attack Ethiopia. The bosses in all countries are yelping like a pack of wild dogs for a war against the only country that always fights for peace—the Soviet Union.

DON'T LET THE BOSSES FOOL YOU

The bosses never fight their wars. They get us young fellows to kill our brothers and get killed ourselves while the bankers and munition manufacturers make millions in profits. On Memorial Day, May 30th, we will see the parades and hear the drums and bugles glorifying the idea of war. The Roosevelts and Hearsts will make the same speeches that were used to fool our fathers and older brothers into giving their lives "in the war to end all wars," "to make the world safe for democracy," and "to give freedom to all oppressed peoples." But this turned out to be a lot of boloney. The bosses forgot their promises.

BOSSES ROB YOUTH OF FUTURE

But we workers have not forgotten. Memorial Day for us is the day WE REMEMBER—that we young workers and students are being robbed of our rightful future. That 6,000,000 of us are unemployed and mostly denied relief. That it is almost impossible to find a job. When we do we have to work long hours for little pay. We remember that our rights to build unions, to strike for better conditions are being taken away by the N.R.A. Fascism is developing and police

terror growing. The bosses have nothing to offer us but C.C.C. Camps, war and poverty.

FOR EQUAL RIGHTS FOR THE NEGRO PEOPLE

WE REMEMBER that President Wilson promised the Negro people in the last war that if they fought for "their" country, discrimination and jim-crowism would be abolished. But today the Negro people are denied jobs and discriminated against in relief. They are jim-crowed, persecuted and lynched more than ever before. Eighty-five per cent of the Negro youth in Harlem are unemployed. We remember that the Scottsboro Boys are still in jail and that Angelo Herndon faces 20 years on the chain gang because he organized white and Negro workers to win relief.

FIGHT WAR AND FASCISM: DEFEND THE SOVIET UNION

WE REMEMBER and WE REALIZE that all of us young workers and students, boys and girls, Negro and white must stick together and fight against war, against fascism, against the oppression of the Negro people—for jobs, for unemployment insurance, for a real future such as the youth have in the happy land—the Soviet Union.

TURN MEMORIAL DAY INTO UNITED YOUTH DAY

We will make Memorial Day—Our Day! The American Youth Congress, which represents a united front of over a million youth from the unions, the Y.M.C.A., churches, the sports and social clubs, etc., declared May 30th, United Youth Day Against War and Fascism. The Young Communist League calls upon all the youth of Harlem to help make this day a real blow against war and fascism. Demonstrate, march—drown out the drums and bugles and the lying speeches of the bosses with our mighty protest.
