**YOUNG PEOPLE'S
SOCIALIST LEAGUE**

(Fourth Internationalists)

They're talking **WAR**

In England - the Prime Minister says Britain will fight...for its allies.

In Germany - Hitler goose-steps into Austria.

In France - a new People's Front cabinet is formed by the "socialist" Blum to prepare the workers for war.

In Italy - Mussolini gets a free hand in Spain from Hitler.

ENGLAND, FRANCE, ITALY and GERMANY move towards a four power pact to isolate the Soviet Union and prepare for a united attack upon it.

In the SOVIET UNION - Stalin calls a world conference to stop war - a conference of the imperialist wolves themselves.

And in America

Roosevelt puts through a billion-dollar naval building program, in addition to the biggest peace-time military budget in American history.

The Navy holds war manoeuvres in the Pacific -- across the way from Japan.

The press booms up a war scare around the Panay affair--preparing to defend U.S. investments in the Far East against Japan.

The WPA cooperates with the Army in recruiting young people on relief for the barracks.

More thousands of young people are to be militarized in the ROTC and CMTC camps.

The War Department prepares its M-Day Plans to establish a military dictatorship in war-time.

WHILE--relief and NYA aid to youth are slashed!

THE SOCIALIST APPEAL

AND

CHALLENGE OF YOUTH

We know what for

The gangsters are leaping at each other's throats.

Germany is muscling in on Austria. Japan is muscling in on China; and gangster-chiefs Roosevelt and John Bull consider that their territory.

Italy is muscling in on the Mediterranean region (Africa, Spain, etc.), and England wants to be tops there.

What do the gangsters want? What every gangster wants - loot. More colonies, more markets, more investments and profits. The right to exploit the colonial peoples. More profits for the Morgans, Rockerfellers and DuPonts. The Panay is sunk convoying Standard Oil boats in the Far East -- protecting the interests of the bosses. The press yells about the "Yellow Peril" and Roosevelt calls for more Panays, more ships, to protect "our" honor.

The world-wide imperialist gang-war of 1914-1918 is flaring up again.

WHAT ARE YOU GOING TO DO ABOUT IT?

Call for the "collective security" of one section of the robbers against the other? The Morgans will do the collecting while the workers provide the security with their lives.

"Isolation" of the United States from European affairs? You'll first have to isolate the bankers from their foreign investments! The United States will be drawn in as it was in the l a s t war - as long as it is run by the Roosevelts as the agents of the imperialists.

OR:

DEMAND: ALL WAR FUNDS TO THE UNEMPLOYED!
WITHDRAWAL OF ALL AMERICAN ARMED
FORCES FROM THE FAR EAST!
DEMILITARIZATION OF THE CCC's!
ABOLITION OF THE ROTC AND CMTG!

FOR: INDEPENDENT WORKING CLASS ACTION AGAINST
THE WAR-MAKERS!
THE OVERTHROW OF THE CAPITALIST SYSTEM
WHICH BREEDS WAR!
SOCIALISM AND A WARLESS WORLD!

AGAINST IMPERIALIST WAR!
