IS COLLECTIVE BARGAINING THE LAW OF THE LAND ?

You think so ? ----- but "Little Girdler" Curry of the Curry chevrolet corporation doesn't agree at all with you and fired 18 men for joining the United Automobile Workers Union. Three weeks ago the entire service force of sixty-five men went out on strike -----because they want decent wages, shorter hours, and the RIGHT TO ORGANIZE IN THE UNITED AUTOMOBILE WORKERS UNION.

The City College students have a long record of active support in labor struggles. Some of you will remember the Vitamin cafeteria strike, which was won when we went out in support of the strikers on the picket line KEEP UP OUR TRADITION!!! DON'T LET LABOR DOWN!!!
