Approved
9/9

1. Please find attached, **for your review and approval**, the draft programme for the High-level meeting on Iraq on 18 September which has been developed by DPA in consultation with me. I will discuss the details of the programme with Mr. Barham Salih in Abu Dhabi.
2. Originally, we had planned a small meeting of 1+2 in conference room 6. The US, UK and others want bigger delegations, so unless you object, we will move to conference room 4 (larger) as the original hope for the meeting – an informal, more intimate exchange – has anyway, I fear, been overtaken by the events in the Middle East.
