# PRIORITY

SG:

I would appreciate your guidance:

1. Amr Moussa

Mr. Moussa travels to Syria on Thursday evening and has asked to see you. Your programme is very full and Thursday afternoon is blocked. Would you wish to speak to him by telephone?

Can it be done this afternoon

2. Kai Eide

DPKO had asked if you could see Kai Eide earlier this week. You "noted" our suggestion that this be deferred until a later date, in view of the pressure on your schedule. DPKO has again asked if you can meet him before he leaves on Friday.

Tomorrow and Friday would not appear possible. Would you want us to try to fit him in sometime today, or perhaps set up a telephone call?

P. for today

3. NAM and OIC Ministerial Delegations on Palestine

Tomorrow you will meet with these two separate delegations back-to-back. Messrs. Gambari and de Soto will join you. Both delegations have expressed interest in having time for an exchange of views with you; 30 mins have been budgeted for each meeting. Both will take place in your conference room. Will you remain throughout or would you prefer to begin each meeting with brief comments and turn over to Mr. Gambari and Mr. de Soto? We have not yet received the full delegation lists.

Time I shall stay there Bob Orr should also join & possibly Mrs.

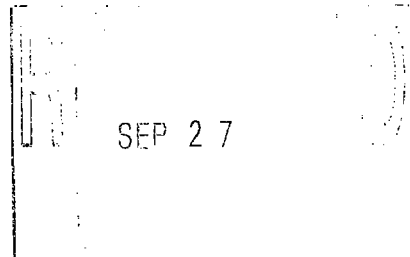

Please advise.

Thank you.
