**Note to the Secretary-General**

Subject: Sri Lanka

I received a call from the Deputy Permanent Representative of Sri Lanka this morning informing me that, in response to your offer to appoint a person to the Co-chair Group, his Government does not feel a need to change the present composition.

In a separate development, the Co-chair Group, at its meeting in Brussels last week, discussed your offer. There was apparently a feeling that it was a good idea and they are quietly working amongst themselves on how to help you operationalize it.

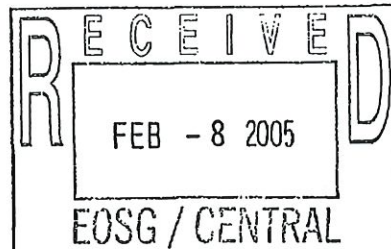

DPA will keep up us informed on developments.
