Note to Messrs Abe and Gambari

Iran and DPRK

In view of recent developments on these two issues, the Secretary-General has decided to designate DPA as the lead department on matters related to the 6-party talks for DPRK and the E3/EU proposals for Iran, until further notice. This is an effort to streamline the information flow to a single focal point within the system and coordinate a common position. The Secretary-General is deeply appreciative of the work both DDA and DPA are undertaking on these issues and counts on your continued cooperation and support.

Thank you.
